

Word of the Week for January 4, 2009

As a new year has arrived, many of you have made resolutions! You are now four days into it...how are you doing? One of the resolutions I have made is to read through the Bible this year. I made the challenge to you all and I hope you now only have 361 days to go. If you did not order a Bible, there is a list available in the hallways of the church that will tell you what passages you need to read on each day.

Today we also have begun our week of prayer and Bible reading as a church. At midnight last night Bob Brusaw began in Genesis 1. I love this idea and look forward to hearing some great stories.

If we will be a church founded on God's Word and prayer, I believe 2009 will be the greatest year in the life of First Baptist Grandview!! Will you join in?

Happy New Year!

—*Russell*
