

### **Word of the Week for March 8, 2009**

Today is an extraordinary day in the life of our church. Anytime we gather together to partake in the Lord's Supper, it should be a special time for us each individually as well as the body of Christ.

This is a time of looking back at the sacrifice Christ made for us, looking into our hearts and looking forward to Christ's return.

I pray we will all take a long look inside our hearts and make sure we are properly prepared to come to the table with lives worthy of breaking the bread and drinking the cup. Our Savior has made such a great sacrifice on our behalf that we should desire to leave this place with a passion to go and serve Him.

May today be a blessing to start your week!
