

### **Word of the Week for April 19, 2009**

What a wonderful day we had on Easter Sunday! Five hundred twenty-five people were in attendance for our worship services. An incredible spirit was present throughout the building and beyond!

I want to express some thanks to many people. First, Wally Pippin. What is there to say, except thanks! You and your helpers put together an absolutely delicious brunch. So many enjoyed it, *and* it gave us all a great opportunity to mingle with one another between services.

Second, our ushers, door greeters and parking lot attendants. It was incredible to see someone posted at every entrance welcoming worshippers as they came in through the door. The guys working the parking lots with umbrellas added a special touch that was greatly appreciated! Because of all the people who went above the call of duty, our time together was extraordinary. Thanks!

I also want to encourage you to sign up for our pictorial directory. We will be taking pictures in June and July, so sign up today for your time slot. Remember those members participating will get an 8 X 10 portrait as well as a directory for free. This tool is so handy in giving us a way to better acquaint ourselves with our church family. Make sure you are not left out!

Have an awesome week!

—Russell
