

## Word of the Week for May 10, 2009

“Mom! Mom! Mom!” That is a common sound at our house these days. If it is not Cameron or Easton, it is probably me calling for Shelly! What is it about the word mom? It seems to just make you feel better to say it. When God made mothers, he knew exactly what He was doing. Today as we honor our moms, may we also make sure to give honor to our God who gave them to us! Happy Mother’s Day, Moms! Thanks for all you do!

Next Sunday we will having a brief meeting after the 11:00 service to discuss a couple of new areas of ministry. If you have interest in greeting people as they come to FBC or are interested in being involved in a new prayer ministry, please plan on attending.
