

Word of the Week

Who is the most important person in our church? Come on! Think about it! Who is it? Do you have a name? Why did you think of that person? Did you know you are just as important as that person? Seriously! Let me tell you why.

One of the reasons I like being a part of a Baptist church is that no matter who you are, you have a say in what goes on in the life of the church. You can have that say each quarter at our church conferences. Tonight we will have our first church conference for 2010 and I encourage everyone to attend. You will receive a financial report of the church as well as other vital information that goes on in the life of this congregation. You even get to vote on recommendations being presented and have a say in what we are doing as a church body. If you do not come, you are missing out! I hope you will be here tonight at 6:00pm.

Have a great week!
