

## Word of the Week

What an incredible week of Vacation Bible School we just had! I mean that on so many levels. VBS is a time to watch the church work! I mean that in every sense of the word...work. It takes everyone from registration people, to kitchen crew, to hospitality ladies, to teachers, to recreation people, to children, to audio visual people, to people who gave financially to support the ministry . . . the list could go on and on. A huge THANK YOU goes out to all of you!!!! Dorothy Brusaw did an amazing job of getting the week together and deserves a pat on the back for a job well done!

I love seeing the church work. At times it looked like ants working, but everyone was pulling in the same direction. How pleasing that must be to God!

I hope you have a great week!
